

The following websites will help your students with research on their given topic for the Museum box project. Please remember, as with all Internet research, to review Internet safety and to closely monitor your students.

**Option 1**

Load these websites or give students a list of the following websites to research their topic.

<http://www.wdfi.org/ymm/kids/>

<http://www.earthalbum.com/>

<http://www.footnote.com/>

<http://wiki.answers.com/>

<http://www.newseum.org/>

<http://pics.tech4learning.com/>

<http://wordsift.com/http://>

<http://spezify.com/>

<http://www.kids.gov/>

**Option 2** Cut and paste this “embed code” into your own website for student-friendly websites loaded onto a custom google search engine. With this search engine, only information from the carefully selected sites will appear for your students.

```
<div id="cse" style="width: 100%;">Loading</div>

<script src="//www.google.com/jsapi" type="text/javascript"></script>

<script type="text/javascript">

  google.load('search', '1', {language : 'en'});

  google.setOnLoadCallback(function() {

    var customSearchControl = new
google.search.CustomSearchControl('013439649980324157208:cy8n9z9yu9a');

    customSearchControl.setResultsetSize(google.search.Search.FILTERED_CSE_RESULTSET);

    customSearchControl.draw('cse');

  }, true);

</script>

<link rel="stylesheet" href="//www.google.com/cse/style/look/default.css" type="text/css" />
```
